3 SET UP THE TEAM

Adjust the line-up and the formation. In futsal, wall mode and beach, pick who plays outfield.

PICK YOUR FIGHT.

IN AND PLAY

FRIENDLY

- Two teams, pre-match, line-up and kick-off.
- Match length in OPTIONS: 3, 5 or 7 real minutes per half.
- No campaign: the score ends there. The rivalry doesn't.

THE WHOLE SEASON COUNTS

CHAMPIONSHIP

- 16 clubs, single round robin, 15 rounds. Win 3, draw 1.
- Tie-break: points, goal difference, goals scored.
- A red card or injury on your team rules the player out of the next round.
- Every club has its own save.

LOSE AND YOU'RE OUT

CUP

- CUP > FUTIBA CUP. Bracket of 8 or 16, single match.
- A draw? It goes to penalties, played by you.
- Top scorers, cards and injuries follow the run.

ONE KICK. ONE DIVE.

PENALTIES

- It lives in EXTRAS. Set the order of the 10 takers for each team.
- 5 kicks each and then sudden death.
- Taking: **arrows** aim (left, centre, right; high, middle, low) and the pass button shoots.
- In goal: **arrows** pick the corner and the pass button dives.

FUTSAL AND WALL MODE.

TEAM SET-UP (both modes)

- Mark who plays outfield with the pass button.
- The **sweeper** (GL) is the substitute who can replace the goalkeeper to attack: pick him with the shoot button. On touch, the game suggests the sweeper and B goes back.
- ←/→ decide whether the match starts with the sweeper on.
- **START** moves on to the rival team and then starts the match.
- **SELECT** swaps the flying keeper without pausing: TAB on the keyboard, BACK on the controller.

4 OUTFIELD + 1 IN GOAL

FUTSAL

- Two halves of 3 real minutes (the clock shows 30 minutes each). The half-length option does not apply.
- Kick-ins taken with the foot.
- Fouls add up. From the team's 6th on, every foul is a direct free kick from the second mark, with no wall (inside the box, a penalty). They reset at half-time.
- The goalkeeper may cross the halfway line.
- Free substitutions, with the ball in play.
- A sent-off player does not return. A team down to goalkeeper + 1 loses by forfeit.

3 OUTFIELD + 1 IN GOAL

WALL MODE

- First to 5 goals wins.
- The ball bounces off the wall: no throw-ins, corners or goal kicks.
- No referee, no fouls, no cards.
- The goalkeeper may not cross the halfway line: if he does, the ball goes to the rival. The sweeper may.
- Free outfield substitutions, with the ball in play (pause → TACTICS / SUBS).

CHALLENGE AND COPA BRAZUCA.

YOU AGAINST A SUPER TEAM

CHALLENGE

- Main menu > CHALLENGE. A cutscene introduces the rival; **START** skips it, confirm speeds it up.
- The super team plays at home. You pick only your team and play away at the SPECIAL stadium.
- The CPU plays at the top level, whatever the difficulty.
- Lost? Rematch. Won? TEAM UNLOCKED: the super team plays for you in every mode.
- Beat the first super team to unlock the second.

KNOCKOUT ON THE COURT

COPA BRAZUCA

- Indoor > COPA BRAZUCA. Futsal knockout of 8, drawn from 12 court teams.
- Before each match you set up only your team, sweeper included.
- A draw goes to penalties on the court itself, one kick at a time.
- Every title unlocks the champion for every mode.

PITCH TIPS

- **Chip and lob:** hold the sprint button and shoot. A quick tap chips from close; held, the ball rises and drops fast. Aim it and dose it.
- **Goalkeeper rushing out:** one on one, he comes for the ball. Dribble, chip or pass first.
- **Shot from halfway:** almost everyone hits it weak and bouncing. Only the cannon-footed stars fire the low rocket.
- **Cutscenes:** Cup and Championship open with their own, and getting knocked out has one too.

TROPHIES, NEWSPAPERS AND A CAREER.

32 NATIONAL TEAMS

WORLD CUP

- CUP > WORLD CUP. Pick your team first: there are 40, just for this mode, each with its own coach and squad.
- FIXED DRAW: the classic groups. If your team is not among the 32, it takes Australia's place. RANDOM DRAW: 32 of the 40, with the 8 strongest seeded.
- 8 groups, round of 16, quarters, semis, third place match and final.
- Before and after every match the newspaper comes out: ←/→ turn the page, confirm moves on and back closes it.
- Stadiums get World Cup boards. CONTINUE CUP picks the run back up.

16 TEAM KNOCKOUT

CHAMPIONS FUTIBA

- CUP > CHAMPIONS FUTIBA.
- Europe's giants: 10 fixed + 6 drawn.
- 16 team knockout to the final.

CAREER MODE

MASTER LEAGUE

- Become world champion and the SUPER WORLD CUP shows up in the main menu: a 16 team knockout.

- Two players can play. There are no shirt numbers in the street.

BEACH SOCCER

BEACH MODE

- BEACH CHALLENGE: beat the sand national team and it plays for you in the other modes (except the Brazuca Cup).
